

Below is a list of Price Files and Prefixes currently available for Toniq Retail.
This list is updated on a regular basis as new suppliers are added.

Price List File Names and Prefixes are not case sensitive

The prefix listed below should be added in front of the manufacturers product code (found on invoices)
when trying to search for new products (eg in orders) and when manually adding a new product to your database
(providing a 'matching' point when updating your Toniq pricelist)

Status (R) means the Price Files is restricted to certain pharmacies and Toniq requires approval from the
supplier before access can be granted to this Price File.
